working world

INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

TO: THE SHAREHOLDERS OF
RIYAD BANK
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Riyad Bank (the "Bank") and its subsidiaries (collectively referred to as the "Group") as of 30 June 2019, and the related interim condensed consolidated statements of income and comprehensive income for the three-month and six-month periods ended 30 June 2019, and the interim condensed consolidated statements of changes in shareholders' equity and cash flows for the six-month period then ended and other explanatory notes (the "interim condensed consolidated financial statements").

Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 *"Interim Financial Reporting"* ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity"* as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

Other regulatory matters

As required by Saudi Arabian Monetary Authority ("SAMA"), certain capital adequacy information has been disclosed in note (18) to the accompanying interim condensed consolidated financial statements. As part of our review, we compared the information in note (18) to the relevant analysis prepared by the Bank for submission to SAMA and found no material inconsistencies.

1. GENERAL

Riyad Bank (the "Bank") is a Saudi Joint Stock Company incorporated in the Kingdom of Saudi Arabia, formed pursuant to the Royal Decree and the Council of Ministers' Resolution No. 91 dated 1 Jumad Al-Awal 1377H (corresponding to 23 November 1957G). The Bank operates under commercial registration No. 1010001054 dated 25 Rabi Al-Thani 1377H (corresponding to 18 November 1957G) through its 340 branches (30 June 2018 : 340) in the Kingdom of Saudi Arabia, a branch in London, United Kingdom, an agency in Houston, United States, and a representative office in Singapore. The registered address of the Bank's Head Office is as follows:

Granada Oasis - A1 Tower
Riyadh - Al Shuhada District
P.O. Box 22622
Riyadh 11416
Kingdom of Saudi Arabia

The objective of the Bank is to provide a full range of banking services. The Bank also provides to its customers Islamic (non-interest based) banking products which are approved and supervised by an independent Shariah Board established by the Bank.

The interim condensed consolidated financial statements comprise the financial statements of Riyad Bank and its wholly owned subsidiaries, a) Riyad Capital (engaged in investment services and asset management activities related to dealing, managing, arranging, advising and custody of securities regulated by the Capital Market Authority), b) Ithra Al-Riyad Real Estate Company (formed with the objective to hold, manage, sell and purchase real estate assets for owners or third parties for financing activities); c) Riyad Company for Insurance Agency (which acts as an agent for selling insurance products owned and managed by another principal insurance company), incorporated in the Kingdom of Saudi Arabia; d) Curzon Street Properties Limited incorporated in the Isle of Man; and e) Riyad Financial Markets incorporated in the Cayman Islands - a netting and bankruptcy jurisdiction country, to execute derivative transactions with international counterparties on behalf of Riyad Bank. These entities are collectively referred to as "the Group".

2. BASIS OF PREPARATION

The interim condensed consolidated financial statements of the Group as at and for the period ended 30 June 2019 have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting ("IAS 34") endorsed in the Kingdom of Saudi Arabia.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2018.

The consolidated financial statements of the Group as at and for the period and year ended 31 March 2019 and 31 December 2018, respectively, were prepared in accordance with IAS 34, as modified by Saudi Arabian Monetary Authority ("SAMA") for the accounting of zakat and income tax (SAMA circular no 381000074519 dated 11 April 2017); International Financial Reporting Standards ("IFRS") as modified by SAMA for the accounting of zakat and income tax (relating to the application of IAS 12 – "Income Taxes" and IFRIC 21 – "Levies" so far as these relate to zakat and income tax; the Banking Control Law; and the Regulations for Companies in the Kingdom of Saudi Arabia.

On 17 July 2019, SAMA instructed banks in the Kingdom of Saudi Arabia to account for the zakat and income taxes in the statement of income instead of equity. This aligns with the IFRS and its interpretations as issued by the International Accounting Standards Board ("IASB") and endorsed in the Kingdom of Saudi Arabia, and other applicable standards and pronouncements that are endorsed by the Saudi Organization for Certified Public Accountants ("SOCPA") (collectively referred to as "IFRS endorsed in KSA").

Accordingly, the Group changed its accounting treatment for zakat and income tax by retrospectively adjusting the impact in line with IAS 8 - "Accounting Policies, Changes in Accounting Estimates and Errors" and the effects of this change are disclosed in note 15 to the interim condensed consolidated financial statements.

3. BASIS OF CONSOLIDATION

The interim condensed consolidated financial statements include the financial statements of the subsidiaries which are prepared for the same reporting period as that of the Bank, using consistent accounting policies.

Subsidiaries are investees controlled by the Group. The Group controls an investee when it is exposed to, or has rights to, variable returns from its involvement with the investee and has ability to affect those returns through its power over the investee.

The financial statements of the subsidiaries are included in the interim condensed consolidated financial statements from the date that control commences until the date that control ceases.

Balances between the Bank and its subsidiaries, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the interim condensed consolidated financial statements. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

The Group acts as a Fund Manager to a number of investment funds. Determining whether the Group controls such an investment fund usually focuses on the assessment of the aggregate economic interests of the Group in the Fund (comprising any carried interests and expected management fees) and the investors' rights to remove the Fund Manager. As a result the Group has concluded that it acts as an agent for the investors in all cases, and therefore has not consolidated these funds.

4. IMPACT OF CHANGES IN ACCOUNTING POLICIES DUE TO ADOPTION OF NEW STANDARDS

IFRS 16- Leases

Effective 1 January 2019, the Group adopted IFRS 16 'Leases'. The standard replaces the existing guidance on leases, including IAS 17 'Leases", IFRIC 4 'Determining whether an Arrangement contains a Lease", SIC 15 "Operating Leases – Incentives" and SIC 27 "Evaluating the Substance of Transactions in the Legal Form of a Lease".

IFRS 16 was issued in January 2016 and is effective for annual periods commencing on or after 1 January 2019. IFRS 16 stipulates that all leases and the associated contractual rights and obligations should generally be recognized in the Bank's consolidated statement of financial position, unless the term is 12 months or less or the lease is for low value asset. Thus, the classification required under IAS 17 "Leases" into operating or finance leases is eliminated for Lessees. For each lease, the lessee recognizes a liability for the lease obligations incurred in the future. Correspondingly, a right to use the leased asset is capitalized, which is generally equivalent to the present value of the future lease payments plus directly attributable costs and which is amortized over the useful life.

The Bank has opted for the modified retrospective application permitted by IFRS 16 upon adoption of the new standard. During the first time application of IFRS 16 to operating leases, the right to use the leased assets was generally measured at the amount of lease liability, using the interest rate at the time of first time application.

Before 1 January, 2019, the Bank followed accounting for leases as per IAS 17- 'Leases with the payments made under operating leases charged to the consolidated statement of income on a straight-line basis over the period of the lease.

Transition to IFRS 16

The Bank elected to apply the standard to contracts that were previously identified as lease applying IAS 17 and IFRIC 4. The Bank therefore did not apply the standard to contracts that were not previously identified as containing a lease applying IAS 17 and IFRIC 4.

The Bank elected to use the exemptions proposed by the standard on lease contracts for which the lease terms ends within 12 months as of the date of initial application, and lease contracts for which the underlying asset is of low value.

On adoption of IFRS 16, the Group has recognised lease liabilities recorded under other liabilities, net amounting to SAR 454.9 million and associated right-of-use assets, net amounting to SAR 456.5 million recorded under property and equipment in relation to contracts that have been concluded as leases under the principles of IFRS 16. The liabilities have been measured at the present value of the remaining lease payments, discounted using the Group's incremental borrowing rate as of 1 January 2019. The associated rights-of-use assets have been measured at the amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the consolidated statement of financial position as at 31 December 2018.

5. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies, estimates and assumptions used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2018 except for the changes explained below. Based on the adoption of new standards explained in note 4, the accounting policies are applicable effective 1 January 2019 replacing / amending or adding to the corresponding accounting policies set out in 2018 financial statements.

As mentioned in note 2, the basis of preparation has been changed for the period ended 30 June 2019 as a result of the issuance of latest instructions from SAMA dated 17 July 2019. Previously, zakat and income tax were recognized in the statement of changes in shareholders' equity as per SAMA's circular no 381000074519 dated 11 April 2017. With the latest instructions issued by SAMA, the zakat and income tax shall be recognized in the statement of income. The Group has accounted for this change in the accounting for zakat and income tax retrospectively and the effects of the above change are disclosed in note 15 to the interim condensed consolidated financial statements. The Group is subject to zakat in accordance with the regulation of the General Authority for Zakat and Tax (GAZT). Zakat expense is charged to statement of income. Zakat is not accounted for as income tax, and as such no deferred tax is calculated relating to zakat.

Zakat

The Group is subject to zakat in accordance with the regulation of the General Authority for Zakat and Tax (GAZT). Zakat expense is charged to statement of income. Zakat is not accounted for as income tax, and as such no deferral tax is calculated relating to zakat.

Right of Use Asset / Lease Liabilities

On initial recognition, at inception of the contract, the Bank shall assess whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is identified if most of the benefits are flowing to the Bank and the Bank can direct the usage of such assets.

Right of Use Assets

The Bank shall apply the cost model, and measure the right of use asset at cost;

a) less any accumulated depreciation and any accumulated impairment losses; and

b) adjusted for any re-measurement of the lease liability for lease modifications

Lease Liability

On initial recognition, the lease liability is the present value of all remaining payments to the lessor.

After the commencement date, Bank measures the lease liability by:

1. Increasing the carrying amount to reflect interest on the lease liability.
2. Reducing the carrying amount to reflect the lease payments made and;
3. Re-measuring the carrying amount to reflect any re-assessment or lease modification.

6. DERIVATIVES

The table below sets out the positive and negative fair values of derivative financial instruments, together with their notional amounts. The notional amounts, which provide an indication of the volumes of the transactions outstanding at the end of the period, do not necessarily reflect the amounts of future cash flows involved. These notional amounts, therefore, are neither indicative of the Group's exposure to credit risk, which is generally limited to the positive fair value of the derivatives, nor to market risk.

Total	**85,002,470**	85,974,706	80,272,139

b) The breakdown of allowance for impairment of credit related commitments and contingencies by stages is as follows:

SAR'000	12 Months ECL	Life time ECL not credit impaired	Life time ECL credit impaired	Total
Balance at 30 June 2019	**50,006**	**33,011**	**72,877**	**155,894**
Balance at 31 December 2018	32,821	34,827	93,381	161,029

Other liabilities as at 30 June 2019, include ECL relating to off balance sheet facilities and loan commitments amounting to SAR 592 million.

11. CASH AND CASH EQUIVALENTS

Cash and cash equivalents included in the interim condensed consolidated statement of cash flows comprise the following:

	30 June 2019 (Unaudited) SAR'000	31 December 2018 (Audited) SAR'000	30 June 2018 (Unaudited) SAR'000
Cash and balances with SAMA excluding statutory deposit	**10,031,467**	7,734,761	6,197,359
Due from banks and other financial institutions maturing within three months from date of acquisition	**7,870,603**	9,708,991	3,094,652
Total	**17,902,070**	17,443,752	9,292,011

12. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: quoted market price: financial instruments with quoted unadjusted prices for identical instruments in active markets.

Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data: and

Level 3: valuation techniques for which any significant input is not based on observable market data.

Following are the financial instruments carried at fair value in the interim condensed consolidated financial statements.

Fair value and fair value hierarchy

30 June 2019 **SAR'000 (Unaudited)**	**Level 1**	**Level 2**	**Level 3**	**Total**
Financial assets measured at fair value				
- Positive fair value of derivatives	**-**	**555,517**	**-**	**555,517**
- Investments held at FVIS	**573,873**	**611**	**-**	**574,484**
- Investments held at FVOCI	**16,599,968**	**-**	**309,379**	**16,909,347**
Financial liabilities measured at fair value				
- Negative fair value of derivatives	**-**	**669,672**	**-**	**669,672**

31 December 2018 SAR'000 (Audited)	Level 1	Level 2	Level 3	Total
Financial assets measured at fair value				
- Positive fair value of derivatives	-	286,625	-	286,625
- Investments held at FVIS	392,484	788	-	393,272
- Investments held at FVOCI	14,437,395	-	288,876	14,726,271
Financial liabilities measured at fair value				
- Negative fair value of derivatives	-	274,270	-	274,270

12. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (Continued)

	For the six month period ended 30 June 2019 (Unaudited)	For the year-ended 31 December 2018 (Audited)
Reconciliation of movement in Level 3	**SAR'000**	SAR'000
Opening balance	**288,876**	315,912
Total gains or losses		
- recognised in interim condensed consolidated statement of income	**23,147**	18,536
- recognised in other comprehensive income	**(2,644)**	(45,572)
Closing balance	**309,379**	288,876

There were no transfers between the fair value hierarchy levels during the current or prior period.

The fair values of on-balance sheet financial instruments, except for loans and advances and other investments held at amortised cost are not significantly different from the carrying values included in the interim condensed consolidated financial statements. The fair values of customer deposits, debt securities in issue, cash and balances with SAMA, due from and due to banks and other financial institutions, other assets and other liabilities which are carried at amortised cost, are not significantly different from the carrying values included in the interim condensed consolidated financial statements, since the current market special commission rates for similar financial instruments are not significantly different from the contracted rates, and for the short duration of due from and due to banks and other financial institutions, other assets and other liabilities.

The management uses discounted cash flow method, using the current yield curve adjusted for credit risk spreads to arrive at the fair value of loans and advances. The estimated fair values of loans and advances was SAR 165.8 billion at 30 June 2019 (31 December 2018: SAR 155.5 billion).

The estimated fair values of investments held at amortised cost are based on quoted market prices when available or pricing models when used in the case of certain fixed rate bonds. The estimated fair values of these investments was SAR 32.9 billion at 30 June 2019 (31 December 2018: SAR 32.8 billion).

13. OPERATING SEGMENTS

The Group determines and presents operating segments based on the information that is provided internally to the chief operating decision maker in order to allocate resources to the segments and to assess its performance. The operating segments are managed separately based on the Group's management and internal reporting structure. The Group's primary business is conducted in the Kingdom of Saudi Arabia with one international branch, a representative office and an agency. However, the total assets, liabilities, commitments and results of operations of this branch, representative office and agency are not material to the Group's overall interim condensed consolidated financial statements and as a result have not been separately disclosed. The transactions between the Group's operating segments are recorded as per the Bank's transfer pricing system.There are no other material items of income or expenses between the operating segments.

13. OPERATING SEGMENTS (continued)

The Group's reportable segments under IFRS 8 are as follows:

Retail banking

Deposits, credit and investment products for individuals and small to medium sized businesses.

Investment banking and brokerage

Investment management services and asset management activities related to dealing, managing, arranging, advising and custody of securities.

Corporate banking

Principally handling corporate customers' current accounts, deposits and providing loans, overdrafts and other credit facilities and derivative products.

Treasury and investment

Principally providing money market, trading and treasury services as well as the management of the Group's investment portfolios.

The Group's total assets and liabilities at 30 June 2019 and 2018 and its total operating income, total operating expenses and net income for the six months periods then ended, by operating segments, are as follows:

30 June 2019

14. FINANCIAL RISK MANAGEMENT

Credit risk

Credit exposures arise principally in lending activities that lead to loans and advances, and investment activities. There is also credit risk in off-balance sheet financial instruments, such as loan commitments. The Group uses internal credit rating tools to assess credit standing of its counterparties and assigns credit ratings accordingly. Also the Group uses the external ratings, of the major rating agency, where applicable. A potential credit loss might arise due to lack of proper credit analysis of the borrower's credit worthiness, inability to service the debt, lack of appropriate documentation, etc.

The Group attempts to control credit risk by appropriate credit structuring, credit review process, post-disbursal monitoring of credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. The Group's risk management policies are designed to identify and to set appropriate risk limits and to monitor the risks and adherence to limits. Actual exposures against limits are monitored daily. In addition to monitoring credit limits, the Group manages the credit exposure relating to its trading activities by entering into master netting agreements and collateral arrangements with counterparties in appropriate circumstances, and limiting the duration of exposure. In certain cases, the Group may also close out transactions or assign them to other counterparties to mitigate credit risk.

The Group's credit risk for derivatives, represents the potential cost to replace the derivative contracts if counterparties fail to fulfil their obligation, and to control the level of credit risk taken, the Group assesses counterparties using the same techniques as for its lending activities.

Concentration risk refers to the risk from an uneven distribution of counterparties in credit or in other business relationship or from concentration in business sectors or geographical regions. Accordingly, concentration risk in the credit portfolios comes into existence through a skewed distribution of financing to (a) individual borrower (name concentration) (b) industry /service sector (sector concentration) and (c) geographical regions (regional concentration). Concentrations of credit risk indicate the relative sensitivity of the Group's performance to developments affecting any particular category of concentration.

The Group seeks to manage its credit risk exposure through diversification of lending activities to ensure that there is no undue concentration of risks with individuals or groups of customers in specific locations or business. It also takes security when appropriate. The Group also seeks additional collateral from the counterparty as soon as impairment indicators are noticed for the relevant individual loans and advances.

Management monitors the market value of collateral recurrently, requests additional collateral in accordance with the underlying agreement and monitors the market value of collateral obtained during its review of the adequacy of the allowance for impairment losses. The Group regularly reviews its risk management policies and systems to reflect changes in markets products and emerging best practice.

15. DIVIDENDS AND ZAKAT

On 19 March 2019, the shareholders in the Ordinary General Assembly meeting approved the distribution of dividends to shareholders for the second half of 2018. The amount of such dividend amounted to SAR 1,200 million (SAR 0.40 per share) and the distribution date for the dividend was 2 April 2019.

The Board of Directors approved interim dividend of SAR 1,560 million (2018: SAR 1,110 million), which was ratified and announced on 7 July 2019, resulting in dividends of SAR 0.52 per share (2018: SAR 0.37 per share) to the shareholders.

On 14 March 2019, Saudi Arabia's General Authority of Zakat and Tax (the "GAZT") has published rules for computation of zakat for companies engaged in financing activities (the "Rules") and licensed by SAMA. The Rules are issued pursuant to the zakat Implementing Regulations and are applicable for the periods from 1 January 2019. In addition to providing a new basis for calculating the Zakat base, the Rules have also introduced a minimum floor at 4 times the net income and a maximum cap at 8 times the net income when determining the Zakat base. Zakat liability for the shareholders will continue to be calculated at 2.5% of the Zakat base but it will not fall below the minimum floor nor would exceed the maximum cap as prescribed by the Rules.
Accordingly based on the new regulations, the Bank has estimated provision for zakat liability for the first half of 2019 at SR 330 million (2018: SR 440 million) The provision of Zakat liabilities is estimated based on the results of operations of the Bank for the period ended and the financial position at 30 June 2019. The zakat provisions would be re-assessed during the year.

The change in the accounting treatment for zakat (as explained in note 5) has the following impacts on the line items of statements of income, statement of financial position and changes in shareholders' equity: As at and for the six-month period ended 30 June 2018:

Amount in SAR 000s	Financial statement impacted	As previously reported for the six-month period ended 30 June 2018:	Effect of restatement	As restated for the six-month period ended 30 June 2018:
Provision for zakat and income (retained earnings)	Statement of changes in Equity	440,000	(440,000)	-
Zakat	Statement of income	-	440,000	440,000
Earnings per share (SAR)	Statement of income	0.73	(0.14)	0.59

	Financial statement impacted	As previously reported for the three-month period ended 30 June 2018:	Effect of restatement	As restated for the three-month period ended 30 June 2018:
Provision for zakat and income (retained earnings)	Statement of changes in Equity	220,000	(220,000)	-
Zakat	Statement of income	-	220,000	220,000
Earnings per share (SAR)	Statement of income	0.35	(0.07)	0.28

16. BASIC AND DILUTED EARNINGS PER SHARE

Basic and diluted earnings per share for the period ended 30 June 2019 and 2018 are calculated by dividing the net income after zakat for the period by 3,000 million outstanding shares.

17. SHARE IN EARNINGS OF ASSOCIATES, NET

During the period ended 30 June 2019, the Group increased its holding in Ajil Financial Services Company (associate of the Bank) to 48.46 % (31 December 2018: 35%). Cash consideration of SAR 33.7 million was paid for the additional stake. In the absence of control, the addtional investment has been accounted for using the equity method in the interim condensed consolidated financial statements. Gains on the above transaction amounted to SAR 103.7 million and has been included in share of earnings in associates, net.

18. CAPITAL ADEQUACY (continued)

The Group's objectives when managing capital are to comply with the capital requirements set by SAMA to safeguard the Group's ability to continue as a going concern and to maintain a strong capital base.

The Group monitors the adequacy of its capital using the methodologies and ratios established by the Basel Committee on Banking Supervision and as adopted by SAMA, with a view to maintain a sound capital base to support its business development and meet regulatory capital requirement as defined by SAMA.

The Group management reviews on a periodical basis its capital base and level of risk weighted assets to ensure that capital is adequate for risks inherent in its current business activities and future growth plans. In making such assessments, the management also considers the Group's business plans along with economic conditions which directly and indirectly affects its business environment.

SAMA has issued the framework and guidance regarding implementation of the capital reforms under Basel III - which are effective from 1 January 2013. Accordingly, the Group's consolidated Risk Weighted Assets (RWA), total eligible capital and related ratios on a consolidated group basis are calculated under the Basel III framework.

The following table summarizes the Bank's Pillar-1 Risk Weighted Assets, Tier 1 and Tier 2 capital and capital adequacy ratios.

	30 June 2019	31 December 2018	30 June 2018
